

## **Private Label eMINI Software Suite**

**A Unique and Professional Holiday Gift**

**For use by pharmaceutical representatives as holiday gifts for their medical professional clients.**

**The eMINI is emblazoned with YOUR COMPANY'S name and logo**

**Each time the medical professional opens the eMINI software, your name and logo appears as a reminder of you and your drug line**

**Each time a patient codes positive for a mental health condition, your company's product label(s) and product information fill the screen, making it simple and easy for the physician or psychiatrist to complete a prescription script without further research or delay**

**Considerable discount with volume purchases**

**Example of *Better Forms* Table-top Display Flyer**
